**WE BUILD YOUR BUSINESS**

## ING2K : WE BUILD YOUR BUSINESS

ING2K is a French company specialised in the **design, construction and renovation of logistics, industrial and commercial facilities.**

Since 2017, we have been active in several business sectors.

Our know-how is rooted in the experience of the Italian company ENGINEERING 2K, which has been active in the construction market for over 22 years.

### FLEXIBILITY THROUGH OUR SKILLS

Whether you are a project owner, investor or entrepreneur, we adapt to your business model.

**Our mission:** to adopt the best technologies to reach **your company's growth needs**, while always respecting your financial requirements and environmental regulations.

## OUR COMMITMENT

**Research and continuous improvement** are the daily priorities of our teams.

Our technical and regulatory expertise is with you every step of the way: from feasibility study to **turnkey delivery**.

### *ING2K is committed to sustainable construction*

This commitment is reflected in the **improvement of the energy performance** of our structures, the search for more responsible alternative materials, the **improvement of the quality of life at work** for the operator and its employees, the enhancement of green spaces and the **use of renewable energy**.

To this end, we help our clients **to obtain environmental labels and certifications**.

First logistics building  
'BREEAM EXCELLENT'  
(2018) and 'BREEAM  
OUTSTANDING' (2021)  
certifications in France

## FOCUS ON QUALITY - HYGIENE - SAFETY & ENVIRONMENT MANAGEMENT

- Target **0 accident**
- Intensification of **security standards**
- **Eco-responsible** approach

Each of our projects is the result of a co-construction based on a permanent dialogue between our teams and the project owner.

Our projects reflect the vision of our clients.
